

Sustainability Certificate

Customer, Town

contributed significantly towards protecting the environment via its collaboration with the REMONDIS Group in 2017:*

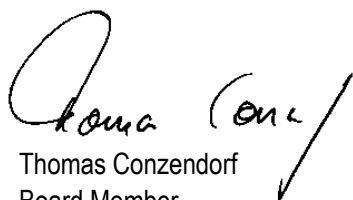

- Consumption of primary raw materials was reduced by XXX tonnes
- Energy was generated and energy consumption reduced by XXX MWh
- Carbon emissions were cut by XXX tonnes of CO₂ equivalents

According to our waste statistics for 2017, the following waste streams were collected separately and included in the evaluation process:

mixed waste for recycling // paper, card, cardboard // plastic film, plastics // wood // glass // scrap metals // biowaste, tree & plant cuttings // bulky waste // mixed building & demolition waste // hospital waste // cooling appliances // kitchen & canteen waste // cooking oil & fat // food unsuitable for human consumption or for processing // paper from files which have been destroyed // materials contaminated with oil // paint & varnish waste // glues & printing waste // scrap steel // aluminium // copper // alloyed scrap // film & photographic paper // small electronic devices // spray cans.

On behalf of the environment, we would like to thank you for your cooperation.
